### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Stephen J. Manetta, applicant's representative, on November 22, 2004.

The application has been amended as follows:

In the claims:

- Claim 19 has been amended as follows:

19. (Currently amended) The system according to claim 1, further comprising display means for displaying a plurality of work standards in an order of inputs by said input display means.

- Claim 22 has been amended as follows:

22. A distributed client/server database system comprising:  
a server including said storage means of claim 1, and  
a plurality of clients each having said input display means, said retrieving means,  
and said selecting means of claim 1.

### ***Allowable Subject Matter***

2. Claims 1-3, 5, 8, 15-19, 22-25, 27, 30, 37-40, 44-50 are allowed. (Renumbered as 1-27)

Art Unit: 2167

3. The following is an examiner's statement of reasons for allowance:

The examiner finds applicant's argument concerning Carbonell (US 6,163,785) and Christy (US 5,884,247) references (Amendment dated September 7, 2004, pages 8-11) persuasive. Neither Carbonell nor Christy teach the combination of claimed elements including: "input display for distinctly displaying a verb area, an object area, and an auxiliary word area in each of which where characters of a word are input" as recited in independent claims 1 and 23. Thus, prior art of record neither renders obvious nor anticipates the combination of claimed elements in light of the specification. Dependent claims are allowed at least by virtue of their dependencies from claims 1, 23.

After a further search and a thorough examination of the present application and in light of the prior art made of record, claims 1-3, 5, 8, 15-19, 22-25, 27, 30, 37-40, 44-50 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
